INDOOR FACILITY GRAND OPENING

We are excited to announce that after many long months of planning and work, the new indoor facility will be open for winter workouts in January!

Winter Workout schedules have been sent to coaches who may tweak them a little and then share the practice schedule with their teams. Many factors went into determining the schedule including other seasonal sports calendars and Coach requests. There may be some changes over the next couple of months as the club identifies what works and what does not. We thank you for your patience with this.

We understand that fundraising for the club can feel like a chore but we hope that once our players begin to reap the benefits of our own local indoor facility our Five O's families will join us as we plan and work towards capital improvements at all of our facilities.

Don't forget to share your nickname ideas for this facility on our social posts!

BOARD MEMBER HIGHLIGHTS

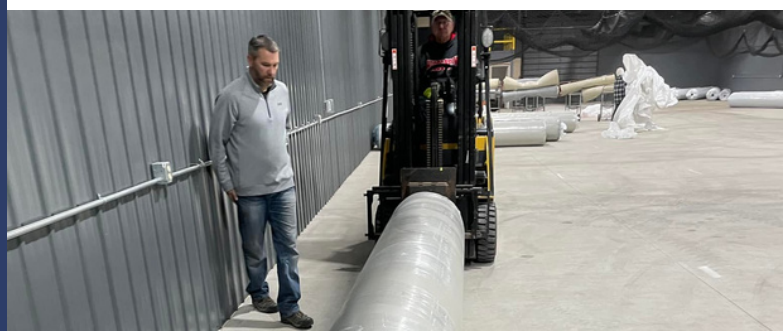

We would like to offer our sincere thanks to the Nelson, Arndorfer, and Raasch families! Everyone may not be aware of just how much time, effort, and financial support they have contributed to making the indoor facility a reality.

Dan and Luke Nelson's vision, tenacity, and dedication to seeing this project through from start to completion has been invaluable. Without their leadership, hard work, and team of supporters and family this project would not have happened.

We would also like to thank the Rich and Liz Arndorfer family for their hard work and commitment. Arndorfer Construction did work that made this possible. Plus, Rich and Liz have created an inspiring entrance to the facility that will greet the players each time they enter!

Finally, Kevin and Kate Raasch's financial contributions, along with work from the team at their company, Vic's Carpet and Flooring, has helped to make this possible for our kids and the organization!

Special Thanks goes out to Jeremy Duewell who donated his labor for the HVAC install, Mark LaCombe who did the plumbing, and Larry Voigt who helped with a variety of items.

THANK YOU!
